## GTIG HUBO

**GTIG HUBO Industrial was established in 1992 and is a member of the GTIG Group (N° 1 China Textile Export Group).**

**As the world's leading yarn supplier today,**

**HUBO has been ranked N° 1 amongst**

**“The China Sweater Yarn Export Enterprises” for years.**

HUBO's broad range of yarn products includes Woven Yarn, Fancy Yarn, Semi-Woven Yarn, Cotton Yarn, and Wool Yarn.

HUBO provides customers with the highest-standard products through large capacity, fast delivery, and quick reaction. Their international design and professional R&D team continues to provide clients worldwide with the most advanced textile products and inspirational trends.

**HUBO proposes the following products:**

**HPW24043**

1/5.2 Nm - 74% Recycled Polyester, 26% Nylon

Blending sustainable recycled polyester with nylon gives the yarn a great shape and retention.

Thanks to a unique air-spun technique, the yarn features a high-fashion appearance with a light and fluffy surface texture and exceptional warmth performance.

**HPW25057**

1/13.5Nm - 58% Cotton, 36% Recycled Polyester, 4% Spandex, 2% Polyester

A high percentage of cotton fiber lends the yarn a soft texture and superb skin-friendliness, ensuring extreme comfort and warmth. It offers good moisture absorption and breathability. The recycled polyester and spandex blended in the yarn give the garment remarkable resilience and an eco-conscious advantage.

**HP2301002**

1/12Nm - 100% Nylon

This yarn features a gorgeous, soft, and delicate texture that is ultra-lightweight and warm.

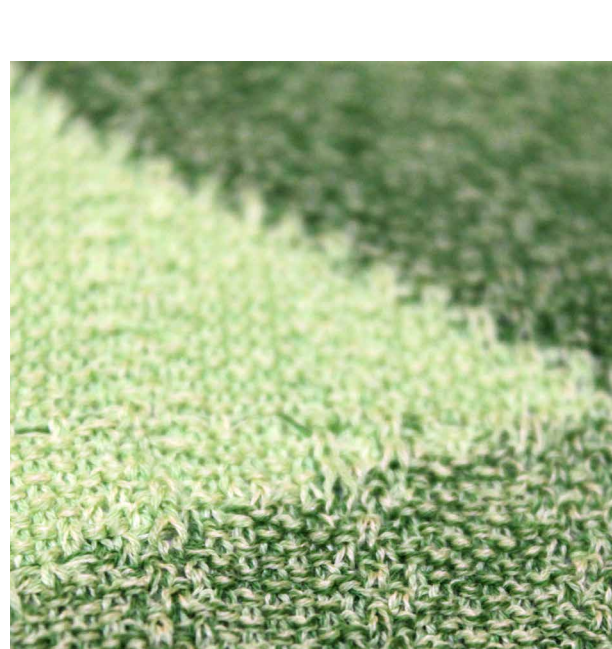

It offers good anti-pilling and anti-shedding performance, is wrinkle-free, easy to care and has good elasticity.

## LUGANG SCIENCE & TECHNOLOGY (REGAL)

**is a publicly listed company with a vertical setup that includes fiber dyeing and yarn spinning. It employs 4500 staff and now offers two individual brands in the sweater yarn division: REGAL and S&A INT'L TRADE CO LTD.**

S&A is a specialist in offering luxury, gorgeous, and fascinating yarn products and services and providing one-to-an-end service on yarn development and production with advanced in-house dyeing and spinning facilities in China and Vietnam. Altogether, there are over 2,000 employees all around the world.

Their luxury yarn series' annual production capacity unit is around 1,500 tons—comprehensive production plant- in worsted, semi-worsted, woolen, and fancy yarn.

Over 100 yarn items are under our Stock Service Secured policy. Sustainable animal fibers and traceable yarn products with full social compliance strictly follow animal welfare standards. Furthermore, our advanced in-house laboratory can fulfill customers' demands for the best quality yarn.

**S&A Best-Sellers:**

**Yarn Article: TONI**

Lot: REHS24158 - Yarn size: 1/5.8Nm - 56% BCI Cotton, 30% Nylon, 14% Recycle Polyester

This yarn blends cotton and eco-friendly fibers, producing delicate handling and luxurious softness comparable to cashmere. It has a high-end texture, and the mélange colors add a touch of mystery. The yarn offers great market potential, aligning with current fashion color trends.

**Yarn Article: RAVEN**

Lot: REHS24173 - 1/2.8Nm - 74% Recycle Polyester, 25% RWS Wool, 1% Spandex

Soft and comfortable, this yarn is ideal for direct skin contact. It offers a notable texture appearance when loop-knitted, providing excellent fullness. With a unique dyeing technique, this boucle yarn maintains its color and appearance, ensuring long-lasting beauty.

**Yarn Article: SABLE**

Lot: REHS24170 - 1/3.5Nm - 60% BCI Cotton, 40% Recycle Polyester

Primarily made of natural fiber, this yarn showcases an outstanding appearance with a rich palette of trendy colors. It combines elegance and nostalgia, offering an exceptional texture and a warm, bouncy surface. It provides a fashionable aesthetic with dynamic color variations.
